### REASONS FOR ALLOWANCE

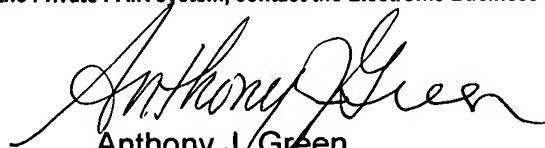

The following is an examiner's statement of reasons for allowance: The prior art of record, which is the most pertinent art found, fails to teach and/or fairly suggest the instant invention. Applicant's insertion of the phrase "consisting essentially of" into the claims closes them to the claimed components and to those that do not materially affect the basic and/or novel characteristics of the instant invention, therefore since the art of record teaches other components which are excluded from the instant composition the art is not seen to teach and/or fairly suggest the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
